## INTERSTATE COMMERCE COMMISSION

DECISION  
-----

3392

SERVICE DATE

OCT 17 1985

FINANCE DOCKET NO. 30400\*

SANTA FE SOUTHERN PACIFIC CORPORATION - CONTROL -  
SOUTHERN PACIFIC TRANSPORTATION COMPANY

Decided: October 11, 1985

In a petition filed September 19, 1985, the County of Contra Costa (County) California, petitions the Commission for leave to intervene in these proceedings. The County contends that it should be permitted to intervene because the proposed operating plan of the applicants will significantly impact the environment of the County. The County states that no party will be prejudiced by its intervention since it merely seeks the right to participate as a party in final briefing and any remaining or additional proceeding.

It is ordered, that the petition for leave to intervene is granted, since such intervention will not unduly broaden the issues raised in these proceedings.
