Re: *STB Docket No. EP 724-3 - United States Rail Service Issues- Data Collection*  
2016 Reporting Week Forty Three

Dear Mr. Elliott, Ms Miller and Ms Begeman:

I am writing to provide comment on the service data that we are filing contemporaneous herewith in response to the Board's data collection order of October 8, 2014.

CP's US network continues to be fluid and in good operating condition, as it has for many months. Again this week, system average train speed, weekly average terminal dwell, and cars on line data are all good.

Grain car demand remained steady this reporting week. We received 1210 new grain car orders, and spotted a total of 1961 grain cars, which total includes single cars and cars in dedicated trains. The number of outstanding grain car orders this week is 1191.

Sincerely,

Steven Nettleton,  
Vice President Operations
